

**Lasertec, Inc. Has Made the 2010 Inc. 5000 List of America's Fastest-Growing Private Companies**

**August 25, 2010** -- *Inc.* magazine has placed Lasertec, Inc. on its fourth annual Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies! The list represents the most comprehensive look at the most important segment of the economy—America's independent-minded entrepreneurs.

*"The leaders of the companies on this year's Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression,"* said Inc. president Bob LaPointe. *"The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs."*

Lasertec was founded in 1986 as a subsidiary of a national technology company in Auburn Hills, Michigan. Originally, Lasertec was formed to provide high-speed laser printing and mailing to financial service companies throughout the country. Now we offer services to many industries. We proudly partner with our customers across the U.S, by providing high quality print and electronic customized statements, invoices, notices, tax forms, target marketing and selective inserting from multiple facilities. Our 3-year 18% growth is proof of these lasting partnerships.

The 2010 Inc. 5000, unveiled on Inc.com, serves as a unique illustration of the profound changes taking place in the U.S. economy. Despite the fact that most of this year's measuring period of 2006-2009 took place during the latest recession, aggregate revenue among the companies on the list actually increased to \$321.6 billion, up more than 50 percent from last year. Policymakers and business leaders will do well to look to Lasertec and all of the Inc. 5000 companies for fresh ideas on achieving growth.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found on [www.inc.com/5000](http://www.inc.com/5000).
